RESEARCH IN AFFECT &
COGNITION

McGill
UNIVERSITY

CALLING ALL UO STUDENTS!

Ever wonder how your **brain activity relates to how you're feeling?**

WE ARE DOING A RESEARCH STUDY IN THE TRAC LAB AT MCGILL UNIVERSITY ON

HOW BRAIN ACTIVITY RELATES TO EMOTION!

- This study involves a two-hour lab visit
- Participants must be at least **18 years old** and **Uo undergrads** at McGill
- During the visit, we will record your brain activity using an electroencephalogram (EEG) as you complete several computer tasks

Qualified participants will be compensated **20\$,
or 5\$ for every 30 minutes**

If interested, please contact the TRAC Lab at
uo.emotionstudy.mcgill@gmail.com
